

THE C.G. JUNG INSTITUTE OF SAN FRANCISCO

The C.G. Jung Institute keeps the Northern California community engaged with Jungian contributions in all of these areas through education and clinical services.

To underwrite the costs of this work that are not covered by program fees, the Institute must annually raise \$150,000 in donations. Donations to the Institute are tax-deductible.

Please join in giving!

SERVICE TO THE COMMUNITY

With its new home completed, the Institute is refocused on:

- providing fertile public educational programming
- offering high-quality training to new therapists in its internship program
- expanding the clinical perspective of licensed clinicians
- increasing depth-oriented psychotherapeutic services to the community at affordable rates through the James Goodrich Whitney Center for Psychotherapy
- making its library and Archive for Research in Archetypal Symbolism (ARAS) available to more people
- training experienced clinicians of diverse backgrounds to become Jungian analysts

Bequest in your will or as a designation in your retirement plan (IRA, 401k, 403b) To designate retirement fund assets to benefit the Institute's future, or to make provision for the Institute in your will is to enable your support for the Institute's work to continue even after your passing.
